BOMA DINNER & 👁️ 👁️ NIGHT SAFARI

Dine beneath the stars around a magnificent fire as you immerse yourself in this uniquely African tradition. Once the three-course meal has been enjoyed the sky will be dark enough to head out for the Night Safari.

Head out for a thrilling night safari with our expert guides and tune into the night-time activity of the wild animals. Trust us, animal sounds just hits differently when it is dark out!

A vibrant farm scene with various animals including goats, alpacas, sheep, and chickens in a grassy field. The background shows a line of trees under a clear sky. The animals are scattered across the field, some looking towards the camera. The overall atmosphere is bright and cheerful.

At the Farmyard we believe in the magic that happens when laughter meets furry friends and tiny hooves patter in excitement. Nestled in the heart of the Jukani Wildlife Sanctuary our farm is not just a mini farm; it's a haven of joy, discovery, and the simple pleasures of connecting with nature from the youngest age. While the youngsters enjoy the play area and animals, the adults can sit back and relax in the comfortable seating area.
